

## Poway High School Girls Field Hockey

August 2018

Dear Community Member:

The Poway High School Girls Field Hockey Program is seeking financial assistance from our community. The back to back, **2016 & 2017 Palomar League Champions** Poway High Field Hockey team does not receive any financial support from the school or district, and is responsible for raising all funds needed to cover coaching expenses, transportation fees, uniforms, referee fees, and equipment.

As you can imagine, it is a difficult task to accomplish each season. As a member of our community, we are hoping you can support our girls with a monetary donation. We are accepting any amount of sponsorship in exchange for advertisement on our sport website, our annual sponsor poster, our printed programs, roster sheets, and with a **large banner displayed under the scoreboard in the football stadium through the Fall season- including football games!**

100% of all donations directly benefit the female athletes participating in the program by allowing them the opportunity to represent our community on the athletic field in an enjoyable, team-oriented environment, focused on promoting academic achievement, self-confidence, health maintenance, and team-building. In addition, because we are an ASB Club at Poway High School, **your generous donation is considered tax deductible.**

Thank you in advance for supporting our community and the Poway High Field Hockey program. Your help and consideration are truly appreciated.

For any questions please contact Coach Kim Draskovich, at [kdraskovich@gmail.com](mailto:kdraskovich@gmail.com) or at 858-449-3814.

With gratitude,
